RESUME SUMMARY

Experienced and skilled Full Stack Web Designer with a strong background in web development and design. Proficient in front-end and back-end technologies, I specialize in creating visually appealing and user-friendly websites. With expertise in HTML, CSS, JavaScript, and a range of frameworks and tools, I am capable of delivering end-to-end web solutions. Committed to adhering to best practices, optimizing performance, and providing exceptional user experiences. Experienced Full Stack Developer proficient in web design and programming.

WORK EXPERIENCE

Pilou, Mexico City, México

Full Stack Software Engineer | Aug 2023 – Jan 2024

As the sole developer in my role, I manage and maintain diverse repositories utilizing technologies such as RoR, Python, React, AWS, and Postgres. I collaborate closely with the landing page team and lead the integration of new, cutting-edge repositories. This involves seamless transitions to ensure uninterrupted customer service. Serving as a vital bridge between management and various hired teams, I offer comprehensive technical support and swiftly address customer issues. I also implement code updates in compliance with evolving regulatory standards and drive enhancements based on emerging requirements. My responsibilities encompass debugging code, refining databases, and optimizing storage solutions, among other tasks.

Agave Lab, Guadalajara, Jalisco (T)

Front-End Developer | Dic 2022 – Aug 2023

Collaborate with the team as a Junior Front-End Developer for a project, contributing to the development of web applications. Autonomous, México Junior Programmer | May 2022 - Present Independently develop software solutions, utilizing various programming languages and frameworks. Demonstrate strong problem-solving skills and attention to detail in delivering efficient and effective code.

Henry, Bs As, Argentina,

Remote Full-Stack Teaching Assistant | Feb 2022 - Present

Support full-stack development students as a Teaching Assistant and Bootcamp Assistant. Coordinate study groups, provide guidance in course fundamentals, and promote collaborative learning.

Autonomous Accountant, CDMX, Mexico

Public Accountant | Aug 2014 – Nov 2022

Operated as an independent public accountant, managing financial records and providing accounting services

Flores Pedroza y Asociados, CDMX, México

Public Accountant | Nov 2013 - Aug 2014

Contributed to the financial operations of the firm, specializing in accounting and financial Management.

Education

Full Stack Developer Bootcamp | May 2022 - Oct 2022

Certificate Completed

Henry, Argentina/Remote

Full Stack Developer Program | Ongoing | Sep 2023 - Dec 2024

Course In Progress

Platzi, Mexico/Remote

Public Accountant | Jan 2009 - Dec 2013

Certificate Completed

Escuela Bancaria y Comercial, Mexico City, Mexico

Mechatronic Engineering | Sep 2006 - Sep 2009

Incomplete Studies (Due to work commitments)

Universidad Panamericana (UP), Mexico City, Mexico

Note: While pursuing my degree in Mechatronic Engineering at Universidad Panamericana, I had to prioritize work commitments, resulting in incomplete studies. Nonetheless, the foundational education and exposure to engineering principles during this period have significantly contributed to my problem-solving skills and analytical thinking.

SKILLS

- Full-stack web development
- Front-end frameworks: (React, Redux-toolkit, NextJS, MaterialUI, ChakraUI, TailwindCSS, Typescript, ReactNative-ExpoAPP)
- Angular (learning in progress)

- Highly adaptable and eager to learn new technologies
- Strong teamwork and communication skills
- Work permit in process here in Canada.

ABOUT ME

I am a highly motivated professional with a strong passion for web development and programming. Throughout my career, I have honed my skills in creating robust and user-friendly web solutions. I thrive on challenges and enjoy collaborating with talented individuals to deliver innovative products that enhance user experiences. I am determined to be part of a dynamic and forward-thinking company that values creativity and fosters a culture of growth. Joining such an organization would be a dream come true, allowing me to contribute my expertise while continuously learning and pushing the boundaries of web development. I am committed to refining existing technologies and exploring new horizons to drive success and make a significant impact in the world of web development.

Regards,
Hans Trauwitz.
