RESUME SUMMARY

Versatile Frontend Developer with robust expertise in JavaScript, HTML, and CSS, specializing in developing engaging, user-centric applications using React and Next.js. My comprehensive full-stack experience is complemented by a focused proficiency in building responsive interfaces for agile, remote workflows. A collaborative team player excelling throughout the development lifecycle, I deliver clean, effective code and foster a synergistic team environment. Passionate about developing solutions that enhance customer experiences and business success.

WORK EXPERIENCE

Pilou, Mexico City, México

Full Stack Software Engineer | 12/22 – 01/24

- Managed and maintained repositories using RoR, Python, React, AWS, and Postgres.
- Collaborated with the landing page team for integrating new repositories.
- Ensured seamless transitions for uninterrupted customer service.
- Acted as a bridge between management and hired teams.
- Provided technical support and resolved customer issues swiftly.
- Implemented code updates complying with regulatory standards.
- Drove enhancements based on emerging requirements.
- Debugged code, refined databases, and optimized storage solutions.

Autonomous, México

Junior Programmer | 05/22 - Present

- Developed and launched a responsive e-commerce platform with React and Node.js, increasing client sales by 20%.
- Built a cross-platform mobile app with React Native, improving user experience and market reach.
- Created a server-side rendered website with Next.js, enhancing SEO and load times.
- Implemented real-time chat functionality in a social app using Node.js and WebSocket.
- Migrated a legacy web app to React and Next.js, improving performance and maintainability.
- Developed a custom CMS with React and Node.js for a marketing agency.
- Integrated third-party APIs and payment gateways in a Next.js app.
- Built dynamic data visualization dashboards with React.
- Created reusable React components and hooks.
-

Henry, Bs As, Argentina,

Remote Full-Stack Teaching Assistant | 02/22 – 07/23

- Coordinated student groups for integration into study groups.
- Guided students through initial course steps.
- Assisted in solving exercises and promoted group collaboration (Pair Programming).
- Proposed ideas to improve bootcamp processes.

Education

Full Stack Developer Bootcamp | 02/22 – 10/22

Certificate Completed

Completed an intensive program focused on full-stack web development, specializing in front-end, back-end & db technologies.

Henry, Argentina/Remote

Bachelor of Accountant | 01/09 – 12/13

Certificate Completed

Escuela Bancaria y Comercial, Mexico City, Mexico

SKILLS

- Advanced proficiency in JavaScript, TypeScript, HTML, and CSS, with a strong grasp of basic web design principles.
- Front-end development expertise with React, Redux-toolkit, Next.js, and UI frameworks such as MaterialUI, ChakraUI, and TailwindCSS.
- Experience in building server-side web applications with Node.js and Express; familiar with Ruby / Ruby on Rails and SQL.
- Capable of managing multiple tasks in a dynamic environment and improving user experiences through accessibility standards.
- Skilled in integrating with analytics packages like Google Analytics (Js/React and Wordpress)
- Proficient with project management and collaboration tools such as JIRA and Trello.
- Proficient in version control with Git, and comfortable with platforms like GitHub and Bitbucket for source code management and collaboration.
- Experienced in writing unit tests with Jest for React applications.

PROFESSIONAL TRAITS

I bring a disciplined approach to software development, prioritizing clean code and user-focused design. My background in mentoring has honed my collaborative spirit, equipping me to contribute to the culture of continuous learning and collective success. I am dedicated to driving projects to completion with a keen eye for detail and a commitment to innovative, scalable solutions.

ADDITIONAL INFORMATION

- Bilingual in English and Spanish, with excellent communication skills.
- Highly adaptable, quick to learn, and a strong collaborator.
- Authorized to work in Canada, with work permit and SSN already acquired.

ABOUT ME

I am a highly motivated professional with a strong passion for web development and programming. Throughout my career, I have honed my skills in creating robust and user-friendly web solutions. I thrive on challenges and enjoy collaborating with talented individuals to deliver innovative products that enhance user experiences. I am determined to be part of a dynamic and forward-thinking company that values creativity and fosters a culture of growth. Joining such an organization would be a dream come true, allowing me to contribute my expertise while continuously learning and pushing the boundaries of web development. I am committed to refining existing technologies and exploring new horizons to drive success and make a significant impact in the world of web development.

Regards,

Hans Trauwitz.
